RE: Hydrocarbon Barge Loading 2005 ERC Annual Report
Small Source Permit No. 0180-00186-03, Agency Interest No. 100581

Dear Mr. Jordan:

Williams Olefins, LLC (Williams) contracts barge loading of Debutanized Aromatic Concentrate and crude Butadiene products to Honeywell Specialty Chemicals (Honeywell) at the Honeywell loading dock in Ascension Parish at Mississippi River mile 187 AHP near Geismar, Louisiana. Williams began operating a marine vapor control system at this facility in October 2002 in order to reduce VOC emissions associated with the barge loading. This was a voluntary installation, not mandated by existing state or federal law or regulation.

Williams submitted a Louisiana Emission Reduction Credits (ERC) bank application and supporting documentation in February 2003. The provisions of LAC 33:III.613.B.2 require an annual ERC bank report. Williams is hereby submitting the attached Louisiana ERC Annual Report for the 2005 calendar year.

CERTIFICATION STATEMENT

I certify, under provisions in Louisiana and the United States law which provide criminal penalties for false statements, that based on information and belief formed after reasonable inquiry, the statements and information contained in this ERC Annual Report are true, accurate, and complete.

If you have any questions or require additional information, please contact Doug Badon at (225) 642-2114.

Sincerely,

Larry Bayer

Larry G. Bayer
Director, Olefins Plant Operations

DEPOSITS						
Project	Date of Actual Emissions Decrease §613.A.2.d	Baseline Period Calendar Year(s) §613.A.2.a	Pre-project Actuals During the Baseline Period §613.A.2.b	Pre-project Allowables §613.A.2.c	Post-project Allowables §613.A.2.e	Emission Change §613.A.2.f

Instructions:

- Only transactions occurring during the previous calendar year should be entered. Submittal of this form cannot serve as an ERC application.
- Enter one transaction per line. Transactions should be input chronologically to the extent practicable.
- Amounts should be specified in tons per year (TPY).
- This form is being provided to facilitate the proper submittal of information required by §613.B.2. If a reporting facility chooses not to use this form, its submittal must address the information specified in §613.A.
- Pursuant to §613.C, the following certifying statement should be included and signed by a responsible official as defined in LAC 33:III.502:

"I certify, under provisions in Louisiana and United States law which provide criminal penalties for false statements, that based on information and belief formed after reasonable inquiry, the statements and information contained in this ERC Annual Report, are true, accurate, and complete."

This certification should include the full name, title, and signature of the certifying official and the date of signature.
